

# Active Resurgence Line CLIV

The CL IV Active Resurgence Line contains skin-friendly ingredients that have been specially formulated to help invigorate and restore the vitality of sagging, dry and damaged skin while maintaining healthy skin in optimum condition.

Active Resurgence  
Cream  
30ml

Active Resurgence Cream

Active Resurgence Cream protects damaged and rough skin from harsh environmental factors such as harmful ultraviolet rays from the sun, damaging environmental pollutants as well as stress. It also aids in faster recovery after chemical peels or laser skin treatment. Containing patented moisturising and softening ingredients, Active Resurgence Cream helps to soothe, moisturise and rejuvenate damaged, dry skin while maintaining healthy skin in optimum health.

#### Active ingredients

Vitamin E derivative, adenosine, a compound extract of brown rice, green tea and taraxaci herba, a compound extract of polygala tenuifolia, platycodon grandiflorum, centella asiatica, camellia extract, phellinus lineteusextract

Active Resurgence  
Serum  
30ml

Active Resurgence Serum

Active Resurgence Serum incorporates vital plant extracts and powerful anti inflammatory compounds such as adenosine to nourish, repair and protect the sensitive skin around the eyes. Completely safe for daily use, Active Resurgence Cream gives a healthy, beautiful glow to aging, tired and dry skin around the eyes.

#### Active ingredients

Adenosine, a compound extract of polygala tenuifolia, platycodon grandiflorum, centella asiatica, brown rice extract, cacao extract, Sodium DNA

Active Resurgence  
Eye Cream  
30ml

Active Resurgence Eye Cream

Active Resurgence Eye Cream reverses and repairs the signs of aging around the most obvious part of the face – the skin around the eyes. This specially formulated cream delivers vital nutrients and intense hydration to fill in and firm up damaged and sagging skin around the eyes. Regular use helps to reverse the signs of aging such as Crow's feet and eye bags.

#### Active ingredients

Adenosine, a compound extract of brown rice, green tea and taraxaci herba, allantoin, vitamin E derivative, morus alba bark extract
