

# Mediclear Blemish Line CLIV

The CL IV Mediclear Blemish line is a range of skin care products that help to attain and preserve healthy skin using all natural plant extracts by removing various wastes and sebum – one of the most common causes of skin problems – while soothing and nourishing the skin.

Mediclear Serum  
30ml

Mediclear Serum

This fast acting serum incorporates Tricosan and soluble sulphur, both of which are proven compounds to remove excess sebum and control moisture levels in the skin. The addition of an all-natural patented Na-complex compound that contains extracts of sophora angustifolia root, citrus grapefruit seed and melia azadirachta bark extract helps to soothe and treat problem prone skin. Xylitol and cooling agents help to tone the skin while giving a refreshing cooling sensation.

#### Active ingredients

Xylitol, sorbitol, Portulaca oleracea, Purslane extract, a compound extract of polygala tenuifolia, platycodon Grandiflorum and centella asiatica, willow bark extract, artemisia princeps leaf extract, gallnut extract, soluble sulphur, glycyrrhizic acid derivative, Vitamin E derivative

Mediclear Complex  
15ml

Mediclear Complex

Assists in the treatment of widened skin pores and problem skin by controlling and removing excess sebum and aged and dead keratin. The addition of squalane and allantoin help to soothe and revitalise the skin while Vitamin E derivatives nourish it to create firm, smooth skin.

#### Active ingredients

Silicone elastomer, Portulaca oleracea, Purslane extract, a compound extract of polygala tenuifolia, platycodon grandiflorum and centella asiatica, sodium PCA liquid, squalane, allantoin, Vitamin E derivative, gallnut extract, willow bark extract

Mediclear Recovery  
30ml

Mediclear Recovery

Clears and balances the natural oil levels within the skin while treating excess sebum and clearing blocked skin pores. A specially formulated compound called Vita Extract increases the density of the skin matrix to preserve healthy skin while assisting in the recovery of damaged skin tissue. The combination of sophora angustifolia root, citrus grapefruit seed, meli azadirachta bark and salicylic acid allows for rapid absorption to soothe and smooth sensitive and troubled skin.

#### Active ingredients

Silicone elastomer, Portulaca oleracea, Purslane extract, a compound extract of polygala tenuifolia, platycodon grandiflorum and centella asiatica, sodium PCA liquid, squalane, allantoin, Vitamin E derivative, gallnut extract

Mediclear Eraser I, II, III

Mediclear Eraser I, II, III

**Mediclear Eraser I** - control sebum by using AHA and its unique skin purification properties to gently dissolve dead skin cells and debris embedded in the skin, thus clearing up blackheads and opening up blocked skin pores.

**Mediclear Eraser II** - Specially selected natural plant extracts soothingly moisten the skin while absorbing excess sebum for non-greasy skin.

**Mediclear Eraser III** - A unique formula balances sebum and moisture levels in the skin while tightening skin pores and removing excess sebum.

#### Active ingredients

Silicone elastomer, Portulaca oleracea, Purslane extract, a compound extract of polygala tenuifolia, platycodon grandiflorum and centella asiatica, squalane, seramide, lecithin, tocopherol, willow bark extract
